Summary

Motivated Software Development student with experience in React.js, Flutter, testing, and secure web application development. Built projects involving authentication, encryption, REST APIs, and AI-powered features. Strong interest in software development, QA, and cybersecurity.

Skills

- **Programming:** C++, C#, Java, Python, Rust, PHP
- **Frontend:** HTML5, CSS3, JavaScript, React.js, Tailwind CSS, Bootstrap
- **Backend:** REST APIs, SQL, MySQL, PostgreSQL, MongoDB
- **AI/ML:** Supervised Learning, Data Preprocessing, Model Evaluation, Feature Engineering
- **Tools:** Git, GitHub, VS Code

Experience

ReactJS Development Intern

Jun 2025 - Jul 2025

Vinix Infotech Pvt. Ltd., Anand

- Worked with React concepts including components, props, state, hooks, and lifecycle methods.
- Built responsive and reusable UI components and integrated REST APIs.
- Managed application state using Redux and Context API.

QA Testing Intern

Oct 2024 – Nov 2024

Wyreflow Technologies

Virtual

- Performed manual testing of mobile applications.
- Designed and executed test cases for functionality and usability.
- Reported bugs with clear reproduction steps and collaborated with developers.

Projects

Secure File Sharing Web Application

Jan 2026 – April 2026

- Built a secure file-sharing system using a Rust backend and Next.js frontend.
- Implemented AES and RSA encryption for secure storage and transfer.
- Used Argon2 password hashing and JWT-based authentication.
- Integrated frontend and backend using secure REST APIs and Git-based version control.

Placeify-AI

Jun 2025 – Aug 2025

- Developed an AI-powered mock interview platform using Next.js and Google Gemini APIs.
- Implemented secure authentication using Clerk and subscription billing with Stripe.
- Used JavaScript, Drizzle ORM, and PostgreSQL for backend services.

Education

Bachelor of Vocation in Software Development

2023 – 2026

C. P. Patel & F. H. Shah Commerce College

CGPA: 6.80/10

Certifications

- Diploma in Software Testing — Alison (Nov 2024 – Jan 2025)
- Google Cybersecurity — Coursera (Dec 2023 – May 2024)
- CS50: Introduction to Computer Science — Harvard University (Jun 2023 – Aug 2024)
- AWS Academy Data Center Technician (Dec 2022 – Jan 2023)

Achievements

- Hackathon Winner, College Level — Computer Lab Network Design
- Google Facilitator Arcade Participant — Cloud, AI, and Big Data Tracks
- IndiaSkills 2025 Cybersecurity Competitor — NASSCOM
